Catalog Lithographed By MWM Color Press, Aurora, Mo.

General Information

TIME: 11:00 A.M., E.S.T., Monday, April 16, 1962.

GUARANTEE: The Standard Guarantee of the American Shorthorn Association shall apply to all bulls in this sale. As customary in dispersions, the females will be sold without guarantee. This is a good working herd with excellent production records. The prolificity of the cattle will be obvious to all. Any known defects will be announced from the auction block.

HEALTH: Herd is accredited for Tuberculosis and Certified Brucellosis Free. All animals will be tested for T.B. and Bang's within 30 days of sale.

TERMS: The terms of this sale are cash. Settlements are to be made with the clerk at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to the loading on cars or trucks in compliance with instructions from purchasers. The above guarantee and terms shall constitute a contract between the buyer and seller of each lot. Neither the Sale Manager, Clerk or Cooperating Agencies assumes any liability, legal, financial or otherwise.

INSURANCE: Full coverage may be secured effective at time of sale.

REGISTRATION: A certificate of registry will be furnished for each lot sold, and for unborn calves, a properly signed application for registry will be furnished.

INSPECTION: We welcome your inspection of this herd at anytime prior to or on the day of the sale.

ANNOUNCEMENTS: All announcements made from the auction block on sale day will be considered final and will take precedence over the matter printed in the catalog.

LIABILITY: We will not be responsible for any accidents that may occur. Although we will make every effort to provide for the comfort and safety of those attending, persons attend at their own risk. The clerks, sale manager and auctioneers do not accept any liability. The sale manager was retained for specific tasks, promotional and clerical, and has nothing to do with the condition of the premises, the handling of the cattle, the fulfillment of the guarantees, or errors that may occur in shipment and health charts. The above guarantees and terms shall constitute a contract between the buyer and seller.

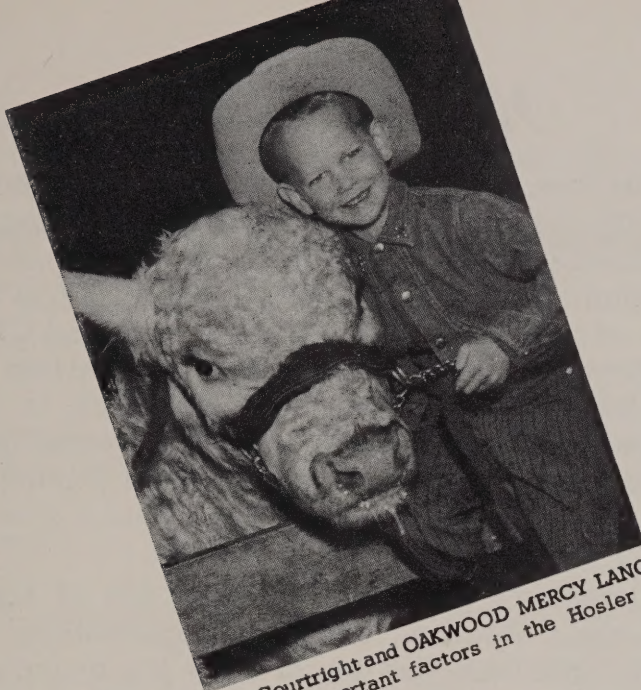

MAIL BIDS: Those wishing to buy at this sale but find it inconvenient to attend may send buying orders to the sale manager, the auctioneer, the ringmen or any representative mentioned whom you desire, although we do sincerely hope that you can attend this sale.

INQUIRIES ABOUT CATTLE LISTED: The sale manager will gladly answer to the best of his ability, any questions which may arise in the minds of prospective buyers concerning the breeding and quality of any animal listed in the catalog.

LUNCH: Will be served on the grounds.

FARM PHONE: William Courtright, WO 9-2294, Amanda, Ohio.

SALE MANAGER: Paul W. Teegardin, Ashville, Ohio. Phone Ashville, YUkon 3-5212.

x. Two important factors in the Hosler and
Courtright herd.

Statement by the Sale Manager

IT was my privilege to select the foundation cattle in the Hosler & Courtright herd at the time it was established. Dr. Hosler realized the importance of buying females that were of the best Scotch inheritance, but he likewise demanded that they belong to families known to produce top cattle consistently. These cattle were selected from three herds—J. W. Evans & Sons, Mechanicsburg, Ohio, B. C. Carpenter, Orient, Ohio, and the Irvine Hill herd of CZW Middleton, Granville, Ohio. All were daughters or granddaughters of cows coming from the great Maxwalton herd of Carpenter & Ross and each foundation female came from a family known to have produced the best breeding cattle in the Maxwalton herd.

Dr. Hosler was demanding the best bulls available—he never settled for anything but a top individual, sired by a bull of known reputation as a breed improving sire. Each bull had a dam who had produced other sons that had made good as breeding bulls. When Bill Courtright teamed up with Dr. Hosler he had a well bred herd of profitable, producing cows. The females that have since been added were likewise of top caliber. The herd bulls have been from sires of cattle that have "made good" for Hosler & Courtright and for every customer who has purchased cattle from them.

Hosler & Courtright cattle have been widely scattered because they have been good cattle.

This dispersal represents an opportunity for everyone to buy working cattle that will be the "worth owning" kind. The herd has been culled and anytime a heifer didn't produce a good calf she went to slaughter. This sale is an opportunity sale for everyone. The cattle are in working condition. The cows have a grand lot of calves at foot and are rebred. The bred heifers are a top lot—real foundation material. The open heifers are of the same caliber.

The herd is T. B. Accredited and Bang's Certified.

Arrange to arrive Sunday, April 15th, to allow time to study this offering. You'll find cattle you want to own and you'll find a big selection—something to help you breed better Shorthorn & Polled Shorthorn. Such opportunities only come in Dispersal Sales.

Paul W. Teegardin

Herd Bulls Used

Gainford Gondalier, a big, thick, good headed son of Oakwood Gondalier, 100% dehorner. Dam by Oakwood Memory—making him a double bred grandson of the 1929 International Grand Champion, Oakwood Rodney. His grandam was also the grandam of the International Reserve Grand Champion, Cherry Hill Royal Oak—one of the breeds best sires. Daughters of this bull made great cows. Sold well in Oakwood Sales, including a \$2,300 heifer selected by the late H. L. Strass as a foundation female at Cherry Hill Farms.

Maxwalton Defender, the best breeding son of the \$6,000 Imp. Crieffveztor Beacon, used so successfully at Maxwalton Farms. His dam was one of their top brood cows and certainly one of the best cows ever bred at Kalarama Farms. His daughters selling in this sale represent some of the best breeding cows in the herd—the kind that you can own with confidence.

Acadia Sportsman 21st was purchased as a tried sire, a ton bull, sired by the great Acadia sire of Champions, Calrossie Sportsman, son of Millhills Champion. He was out of a Lavender Wreath cow by a son of the Perth Supreme Champion, Millhills Ransom. His daughters have mated especially well with Oakwood Merry Lancer. You can believe in this cross for it has been right—just look for yourself.

Oakwood Proud Chief, the dark roan 100% dehorning son of Commander in Chief. His dam stayed at Oakwood till she was 18 years old. Her produce has done well for everyone. Many of the best brood cows will be sired by Oakwood Proud Chief—good milkers, regular producers of the better calves, regardless of what bull they have been mated to.

In this sale.

You'll find something for—**EVERYONE**
—For the best herds in the land—
For Foundation cattle for beginners—
For Commercial Cattle herds—
For FFA and 4-H Club boys and girls
It is a sale for everyone
No one can afford to miss it.

	Kalarama Flora 12th 1849862 White, Kalarama Farm	

MAXWALTON DEFENDER - Dr. Hosler purchased Defender in the Maxwalton Dispersion. Wallace Campbell thought this to be the stock bull of that sale. The old pro, Mr. Campbell, was right because it was this bull that made the Hosler cattle a great herd of cattle. Every calf from Defender was the right kind or the worth owning kind. Notice the number of daughters and granddaughter in this offering, that alone will enlighten anyone. Not too many Defender daughters were sold, but those who have them have had the best brood cows anywhere.

KENWOOD INDICATOR x - This outstanding individual was purchased in the 1960 Polled Congress Sale. He was shown by us in 1960 as a 2 yr. old. The only time beaten in class, was at the Harrisburg Exposition, where the good-horned Leveledale Bloodbank won the class with Indicator second. We have never been complimented more on the greatness of an individual, by breeders. At this time we have several young calves by the bull and everyone who has seen them have been very much impressed with their conformation.

ARROWSMITH CONOWINGO x3013-252 R-A910 L-A910 MALE

DREAMTHORP FASCINATION 6TH x - We showed this great bull for Arden Powell in 1962. The many good cattlemen who saw this bull were greatly impressed and took that second look. We measured this bull according to the standards of the National Association has, he either equals or surpasses all of them. The measurements indicated a perfect head, more bone, equal muzzle, wider rear quarter, deeper rear quarter, equal forearm and equal gaskin. At the Ohio State Fair he stood second in class to Circleview Lancer x, the twice Reserve Grand Champion bull at the International Livestock Show. We bred several of the best daughters of Oakwood Merry Lancer x to him. Anyone buying these excellent heifers bred to this bull will certainly receive the best dividends for money spent.

THE ETHEL FAMILY

HC ETHEL 6TH x, Lot 15.

The foundation cow of this family, Chapel Hill Ethel 2d x, is a great producing cow. She has dropped calves by seven difficult bulls and every calf has been an outstanding individual. If we should have kept one cow, it would have been this foundation cow. Her produce in this sale, one son, Lot 5, two daughters, Lots 14 & 15, and one granddaughter, Lot 16, will prove the ability of this great cow. Every calf from this family has been in our show herd over the years. Her first calf, a bull by International Champion, S&G Admiration x, was retained as a Herd Sire, and some of the younger cows in this sale are sired by him. Lot 5 bull in this sale would have been retained as a Herd Sire if the herd had been continued.

H C MERRY ETHEL 2D x - Has all the exceptional qualifications of the Ethel family. Dark red and well balanced. Should be the foundation type that her dam and grandam are. Selling Open. Calfhood Vaccinated.

THE ROSE CLIPPER FAMILY

The foundation cow of this family, Lane's End Clipper J, was a great horned cow of Imported breeding. Of the many individuals we have sold in State and National sales, several have been descendents of this great cow family, a family that consistently produced top cattle. In the foundation of the Dr. John Cuber herd of Galena, Ohio, one of his first animals was a Rose Clipper. Paul Teegardin thought enough of the Rose Clipper family to purchase this cow from Dr. Cuber to add to the great Oakwood herd.

CHAIN 75

THE LAVENDER PRINCESS FAMILY

This most popular family doesn't need much explanation. The foundation of our Lavender Princess family comes from the same B.B. Snively & Son breeding as did the Eureka Lavender Princesses, the FF Lavender Princesses, and the Tulleevin Lavender Princesses. In any herd you find this Lavender Princess family, they have bred on and on. This has been the case in our herd. Seven females of this richly bred cow family sell in this sale.

THE LAURETTA FAMILY

The foundation cow of this family, Misty Vale Laretta x, is still in the herd and producing top cattle. This family has produced many of our top cattle and you will see evidence in the six mature animals and four calves at side on sale. The bull, Oakwood Proud Chief x, that we purchased in the 1953 Oakwood Sale, was out of the same cow, Proud Laretta 2d x, as was Misty Vale Laretta. Oakwood Proud Chief x was an outstanding sire and a 100% dehorner out of Commander-In-Chief. His daughters in this sale will speak for themselves and this family.

THE VICTORIA FAMILY

The foundation cow of this family was Irvine Hill Victoria 12th. She had every right to be a great producing cow. Millhills Rufus, her grandsire, was one of the most popular of his time. With the combination of Millhills Rufus on the dam's side and Millhills Yesteryear on the sire's side of this family, it was destined to be a great producing family, which it has been for us and is still being. Seven adult females are ample proof of the worth of this prolific family.

H C LADY ESTELLE x - Observe all the outstanding animals in this pedigree. Besides an outstanding pedigree, you will find just as much quality in this 41 Lots. Calfhood Vaccinated.

THE MARIGOLD FAMILY

We have continuously culled this herd and endeavored to keep nothing but the best as far as ability to produce the quality kind and do it regularly. We should say this is a great family, and by great we mean both the ability and magnitude. They have been the worth-owning kind. The foundation of this family traces back to the Maxwalton Marigold, truly a great family of its own. In this sale we have 20 head of Marigolds, 14 adult animals and 6 calves at side. We think this fact should enlighten you as to the progeny of this great family.

GAINFORD GONDOLIER x

Pictured is GAINFORD GONDOLIER with some of his good offspring in the background. This great breeding bull was used in the early 1940's, a few years after Dr. Hosler established this great herd. Many of the animals in this sale are descendants of the excellent stock bull, Oakwood Rodney, his grandsire was the 1929 International Grand Champion. His dam was the grandam of Cherry Hill Royal Oak.

THE GONDOLIER CLIPPER FAMILY

Another of the great old families that remained in the herd because of their potency. This family, as the Marigold family, is rich in the blood of such famous sires as Leader's Clansman, Edellyn Waverly, Millhills Rufus, Millhills Yesteryear, and Duke of Killearn. There are 13 adult animals and 4 calves at side in this sale. We have always had the feeling that great families contribute much to great herds.

THE AUGUSTA FAMILY

Another of the foundation families of this herd that contributed to the popularity of it. Many of the cattle sold in State and National sales were from this family. It was always our pleasure to send some of our best animals to these sales. When Arden Powell of Findlay, Ohio, started his herd, one of his first animals was from this family. Mr. Powell still owns this cow, and she has produced as well for him as the Augustas have for us. This family contains such noted bulls as Klaymor Gallant, Maxwalton Comet, Millhills Rufus, Browndale Leader and Star Marshall.

THE GLOSTER FAMILY

Down through the years Shorthorn breeders have recognized the Maxwalton Duchess of Gloster family as one of the Breed's best. The best cattle at Maxwalton were generally of this family. They have produced many of our best, including the \$2,300. daughter of Gainford Gondolier that went to the Cherry Hill herd in 1944. They are the worth-owning kind, and you'll find them that way. Any herd, old or new, could certainly lay quite a foundation by starting with some of the richly bred cattle from this family. A herd is like a building - the better the foundation, the better the produce or product.

H C SUPREME PRINCESS O x - A very good young heifer. Bred October 26, 1961 to Dreamthorp Fascination 6th.

THE HB LAVENDERS

We purchased the small herd of Hains Bros. of Bloomingburg because of the good individuals and outstanding pedigrees. The thought in mind was that these great horned animals would nick very well with the Polled bulls we are using. All these cows are mated to Oakwood Merry Lancer x, and the offspring from this cow will certainly be outstanding. All of these animals are of the Willow Lee breeding from Dr. O.W. House and Vernon Benroth, Washington C.H., Ohio. Study the great names in these pedigrees - on the dam's side, Juliana, Elmhurst Lavender and Willow Lee Lavender 8th - on the sire's side, Drynie Wonder, Willow Lee Wonder 17th, Kirkton Masterman and Willow Lee Benefactor 8th. Any horned breeders wanting to get into the Polled business without buying Polled animals can get the job done with these cows since they are all bred to 100% dehorner, Oakwood Merry Lancer x.

CHAIN NO. 16
